

Date: \_\_\_/\_\_\_/\_\_\_

## BASIC INFORMATION

1. Customer:			
2. Sample name:			
3. Polymer (carrier) used (polyester, nylon, others):			
4. TiO2 content in the carrier:			
5. Yarn final denier (or dtex) / Filaments:			
6. Yarn cross section: <input type="checkbox"/> Round <input type="checkbox"/> Trilobal <input type="checkbox"/> Others*			
7. Yarn type: <input type="checkbox"/> Flat <input type="checkbox"/> Textured <input type="checkbox"/> Taslan <input type="checkbox"/> Others*			
8. Spinning system:		<input type="checkbox"/> UDY <input type="checkbox"/> POY <input type="checkbox"/> BCF <input type="checkbox"/> Staple <input type="checkbox"/> Short spinning <input type="checkbox"/> Others* <input type="checkbox"/> FOY <input type="checkbox"/> FDY	
9. Spinning speed (mt/'): <input type="checkbox"/> Continuous Filament		10. Max spinning temperature:	
		11. M.B. dosing ratio% <input type="checkbox"/> volumetric <input type="checkbox"/> side extruder <input type="checkbox"/> gravimetric <input type="checkbox"/> others*	
12. Dosing device:			
13. Colour fastness required:		Light: Washing: Dry Heat: Other:	
14. End use:			
15. Incidence of cost on yarn (USD/Kg or €/Kg)			
16. Purpose of matching: <input type="checkbox"/> new color <input type="checkbox"/> will replace Competitor's M.B.			
17. Type of matching: <input type="checkbox"/> Exact <input type="checkbox"/> Good <input type="checkbox"/> Medium <input type="checkbox"/> from MMF' colour file			
* Pls. give full info in this section			
NOTES:			

In order to supply you the right type of master, we need the above basic information.  
Please complete every item.
